

HealthTrainU: Start the Year Off Right with Compliance Education

What is HealthTrainU?

What is HealthTrainU?

HealthTrainU is a learning management system (LMS).

A LMS is “a software application or web-based technology used to plan, implement, and assess a specific learning process.”¹

HealthTrainU has other functionality built into the system to keep your employees on track.

What is HealthTrainU?

HealthTrainU is OUR LMS!

ACHCU is the educational division of Accreditation Commission for Health Care (ACHC).

Not too many accrediting agencies have their own LMS – WE DO!

HQAA is affiliated with VGMU, but “technically” not...

What is HealthTrainU?

HealthTrainU is a one-stop, online, educational resource for healthcare providers like you.

We can show you how easy it is to stay on top of mandated coursework to meet OIG, OSHA, organizational, licensing, and accreditation requirements with this intuitive LMS.

The screenshot shows the HealthTrainU website homepage. At the top is a navigation bar with the logo and links for Home, About, Education, Pricing, Survey, HR-Trak, Contact, and Login. The main content area features a large heading: "Manage. Train. Comply. Learning management made simple." Below this is a sub-headline: "HealthTrainU™ allows you to manage your employees' education requirements for compliance, accreditation, and licensure." To the right of the text are several icons representing various aspects of the platform, such as a laptop, a smartphone, a document, a gear, and a play button. Below the main heading is a row of four buttons: "Learn About ..." (with a play button icon), "View Courses" (with a book icon), "Competitive Pricing" (with a dollar sign icon), and "Contact Us" (with a phone icon). At the bottom of the screenshot, there is a section titled "HealthTrainU™ for Managers" with a sub-headline: "HealthTrainU saves you time and money while providing mandatory education to your staff. The system allows you to:". To the right of this text is a photograph of a person's hand on a wheelchair.

Why HealthTrainU?

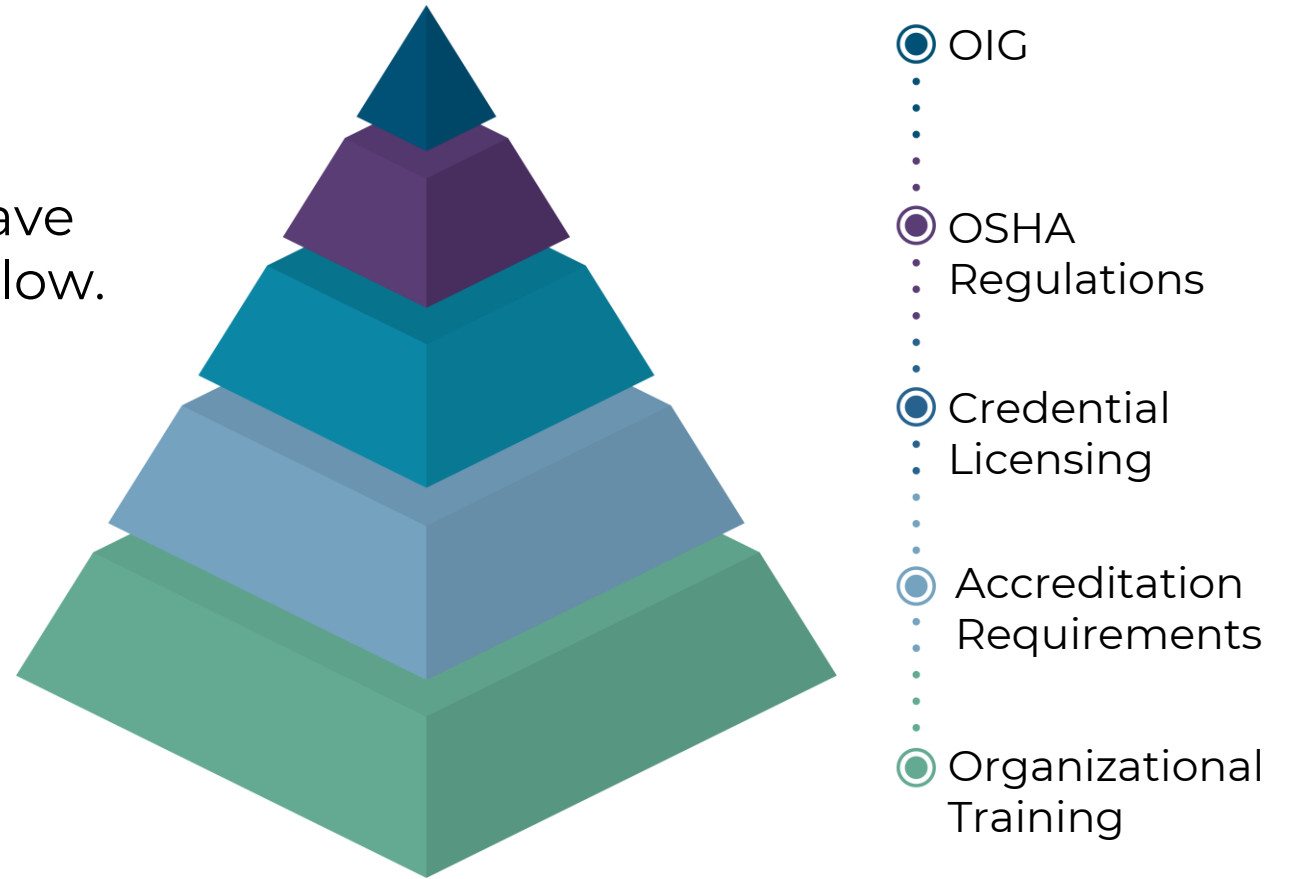

Why HealthTrainU?

COMPLIANCE MADE EASY...

Be compliant – stay compliant

Regulatory organizations and agencies have different educational criteria for you to follow. HealthTrainU makes it easy to manage.

Remember the OIG's directive (from The Federal Register): One of the seven elements of an effective compliance program – *“Conducting Effective Training and Education”*

Why HealthTrainU?

COURSEWORK BY THE INDUSTRY, FOR THE INDUSTRY.

HealthTrainU coursework is developed by industry professionals with the adult learner in mind.

With over 240 courses in over 20 content libraries, you'll have the educational resources necessary for your employee's unique requirements for either positional or compliance learning.

The screenshot shows the HealthTrainU website interface. At the top, there is a navigation bar with the logo and links for Home, About, Education, Pricing, Survey, HR-Trak, Contact, and Login. Below the navigation bar is a hero section with the word "Courses" overlaid on an image of an open book. The main content area features a heading: "HealthTrainU™ offers personalized courses for all industry professionals." followed by a paragraph stating that every course stands alone and awards a certificate upon successful completion (score of 80% or better). It also mentions that HealthTrainU is an IACET Accredited Provider and some courses are approved by other credentialing agencies. A link is provided for a printable list of courses, and a note indicates that red "**" symbols signify ACHC Standard references. At the bottom, there are several expandable course categories: "HOME HEALTH (Approved by the Virginia Nurses Association)", "MANAGEMENT IN THE HME INDUSTRY", "ORTHOTICS", and "PROFESSIONAL/PERSONAL DEVELOPMENT". The "HOME HEALTH" category is expanded, showing two courses: "HH 162 DMEPOS Product/Supply Selection: Information for Home Health Providers*" and "HH 174 Concepts in Palliative Care for Home Health Aides". A suggested time to complete and test is listed as 1 Contact hour and CEUs.

Why HealthTrainU?

CUSTOMIZABLE and FLEXIBLE

HealthTrainU allows the subscriber to customize your approach to education.

Select one of our preloaded Mastery Programs or they can create their own to meet your specific needs.

HealthTrainU has the flexibility they need to create their own compliance or positional educational plan.

The screenshot shows the HealthTrainU website interface. At the top is a dark blue navigation bar with the HealthTrainU logo and menu items: Home, About, Education (with a dropdown arrow), Pricing, Survey, HR-Trak, Contact, and a Login link. Below the navigation bar is a large banner image featuring a target with several arrows hitting the bullseye. The text 'HealthTrainU™ Mastery Programs' is overlaid on the target. Below the banner, the main content area has a heading: 'HealthTrainU™ Mastery Programs offer in-depth, on-point training'. This is followed by two paragraphs of text explaining the nature of the programs and the inclusion of CORE courses. A final paragraph at the bottom of the content area provides a disclaimer about the list being abbreviated and based on specific focuses.

HealthTrainU™ Mastery Programs offer in-depth, on-point training

Mastery Programs are a compilation of courses that have been developed to take the time and guesswork out of selecting appropriate courses. Each Mastery Program is tailored to your company's focus in DME/HME, rehab, respiratory, or a comprehensive program with all.

Inside each Mastery Program is a list of **Continuing Organization Required Education (CORE)** courses that provide a fundamental education of the HME/DME industry. This is the basis for all other content within the Mastery Program. The remainder of the Mastery Program is exactly that, mastery in the foundational skills needed for the staff positions that are the focus of your company. You can take advantage of the courses we have available, or you now have the ability to create your own.

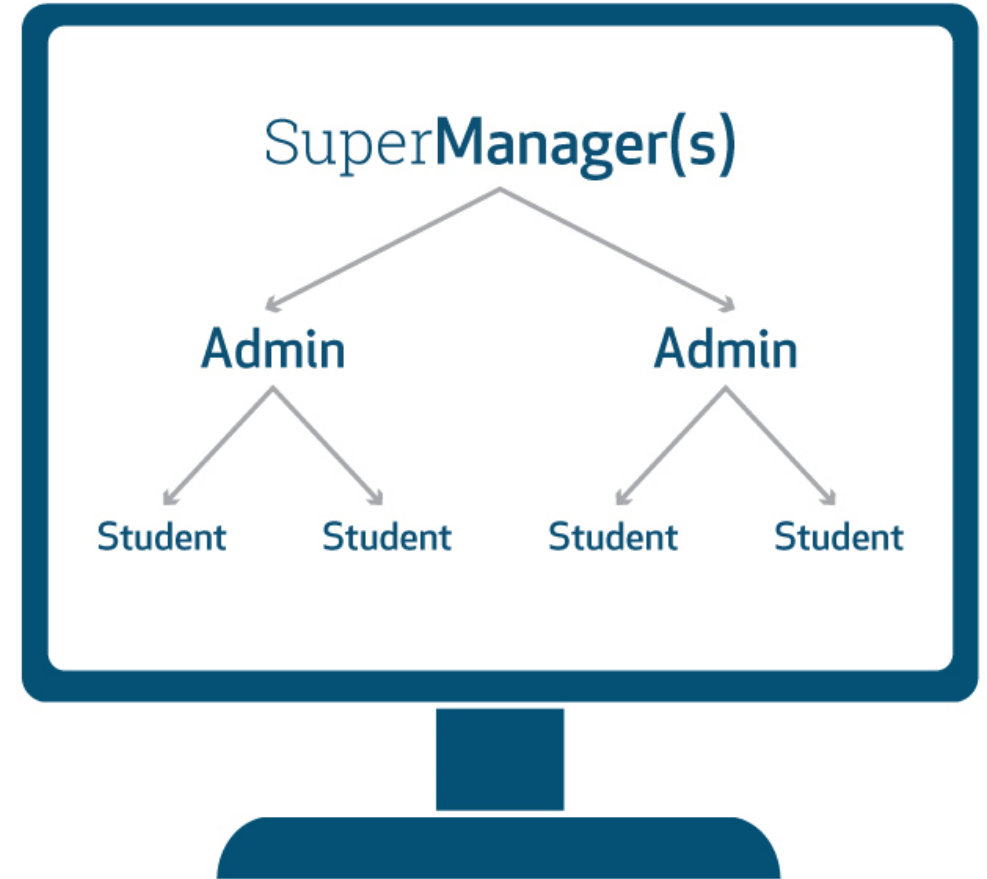

This is a very abbreviated list of just some of the Mastery Programs pre-loaded in the HealthTrainU™ system.
(* All Mastery Programs based on positions have a Rehab focus, Respiratory focus, or include both focuses)
