The main content area features a large white banner with the text: "Welcome to Your All-Inclusive Education Resource" and "HealthTrainU™ gives you access to high-quality, industry relevant education and training material". To the right of this text is an illustration of educational icons including a laptop, books, a pencil, a compass, and a play button. Below the banner is a dark blue horizontal bar with four white icons and text: "View Courses" (book icon), "Competitive Pricing" (dollar sign icon), "Take Our Survey" (clipboard icon), and the ACHC HR Trak logo. The bottom section is titled "Featured Course" and lists "HME 402: Infection Control and Bloodborne Pathogens". The screenshot shows the top navigation bar of the HealthTrainU website with links for Home, About, Education, Pricing, Survey, HR-Trak, Contact, and a Login button. Below the navigation is a large banner image of a target with several arrows hitting the bullseye. The text "HealthTrainU™ Mastery Programs" is overlaid on the target. Below the banner, the heading "HealthTrainU™ Mastery Programs offer in-depth, on-point training" is followed by two paragraphs of text. The first paragraph explains that Mastery Programs are compilations of courses tailored to a company's focus. The second paragraph describes the inclusion of CORE courses for foundational education. A final note at the bottom states that the list is abbreviated and that all programs have a focus on rehab, respiratory, or both.

HealthTrainU™ Mastery Programs offer in-depth, on-point training

Mastery Programs are a compilation of courses that have been developed to take the time and guesswork out of selecting appropriate courses. Each Mastery Program is tailored to your company's focus in DME/HME, rehab, respiratory, or a comprehensive program with all.

Inside each Mastery Program is a list of **Continuing Organization Required Education** (CORE) courses that provide a fundamental education of the HME/DME industry. This is the basis for all other content within the Mastery Program. The remainder of the Mastery Program is exactly that, mastery in the foundational skills needed for the staff positions that are the focus of your company. You can take advantage of the courses we have available, or you now have the ability to create your own.

This is a very abbreviated list of just some of the Mastery Programs pre-loaded in the HealthTrainU™ system.  
(\* All Mastery Programs based on positions have a Rehab focus, Respiratory focus, or include both focuses)
