Preparing for A Hospice Medicare Survey

Steps for a Successful Survey

Presenter:

Lisa Meadows

Manager, Clinical Compliance Education

Objectives

- Review the ACHC Accreditation process for an initial Medicare certification and recertification survey
- Learn how to prepare an organization for the ACHC accreditation survey
- Establish expectations for the on-site survey and strategies for survey success
- Brief review of the ACHC Accreditation Standards

Hospice Accreditation

- Earned CMS Deeming Authority in 2009
- Accredits more than 2,400 locations nationally
- Program-specific standards include Medicare Conditions of Participation (CoPs)
- Life Safety Code regulations
- Accreditation for both in-home and facility-based services, including:
 - Hospice Care
 - Hospice Inpatient Care
 - Distinction in Palliative Care
 - Distinction in Telehealth

EDUCATIONAL RESOURCES

Hospice Survey Reform

ACHCU IS A BRAND OF ACCREDITATION COMMISSION *for* HEALTH CARE

Hospice Survey Reform

- Public reporting of survey results on CMS's website
- Required use of the CMS-2567 to report survey deficiencies
- Comprehensive training and testing of all Surveyors
- Conflict of interest requirements
- The use of a multidisciplinary team, only use members of the IDT as Surveyors
- Requires each SA/AO establish a toll-free hotline
- Enforcement remedies

Enforcement Remedies

- Hospice Survey Reform
- §488.1200 Statutory basis
 - Section 1822 of the Act authorizes the Secretary to take actions to remove and correct deficiencies in a hospice program through an enforcement remedy or termination or both
 - The purpose of remedies is to ensure prompt compliance with program requirements in order to protect the health and safety of individuals under the care of a hospice program

Enforcement Remedies

- Available enforcement remedies:
 - Civil monetary penalties
 - Suspension of payment for all new patient admissions
 - Temporary management of the hospice program
 - Directed plan of correction
 - Directed in-service training

Recent Changes

- CMS released an advanced copy of the State Operations Manual Appendix M on January 27, 2023
 - Provides specific guidance to all state agencies and accrediting organizations for the survey process
 - Minimal changes to the Conditions of Participation
 - Increase in the number of home visits, active medical records, and closed medical records to be completed based on the unduplicated admissions

Revised Record Review/Home Visits

Hospice Requirements

ACHCU IS A BRAND OF ACCREDITATION COMMISSION *for* HEALTH CARE

Initial Certification Requirements

- Required number of patients prior to survey:
 - Served 5 patients for hospice care and 3 active at time of survey.
 - Unless in a medically underserved area: 2-1 (as determined by the Regional Office).
- Hospice providers must have the ability to provide all core and non-core services as well as all levels of care:
 - Core services
 - Non-core services
 - Medications, supplies, biologicals, and Home/Durable Medical Equipment (DME)
 - All four levels of care

Recertification Requirements

- No required number of active patients or patients served
 - Will base medical record reviews on the unduplicated admissions for the past 12 months or longer in order to review at least 14 medical records

Hospice Core Services

- Core services:
 - Physician services
 - Nursing services
 - Medical Social Services
 - Counseling (including, but not limited to bereavement, dietary, and spiritual counseling)
- With the exception of physician services, substantially all core services must be provided directly by hospice employees on a routine basis

Hospice Non-Core Services

- The following services must be provided by the hospice, either directly or under arrangements, to meet the needs of the patient and family:
 - Physical Therapy (PT), Occupational Therapy (OT), and Speech Therapy (ST)
 - Hospice Aide services
 - Homemaker services
 - Volunteers
 - Medical supplies, durable medical equipment, supplies, and drugs and biologicals

Hospice Required Services

- The hospice is required to make nursing services, physician services, drugs, and biologicals routinely available on a 24-hour basis, 7 days a week
- The hospice also has to make all other covered services available on a 24-hour basis, 7 days a week, when reasonable and necessary to meet the needs of the patient and family

Hospice Required Levels Of Care

- Routine care
- Inpatient care:
 - Short-term inpatient care (including respite care and interventions necessary for pain control) in a Medicare/Medicaid-participating facility.
- Continuous home care provided during a period of crisis:
 - Nursing care may be covered on a continuous basis for up to 24 hours a day during periods of crisis and as necessary to maintain the patient at home.
 - The care provided must require at least 8 hours of care in a 24-hour period, and the care must be provided predominantly by a licensed nurse (RN, LVN, LPN).
 - Homemaker or hospice aide services or both may also be covered, if needed.
 - An agency can not contract exclusively for continuous care

Hospice Required Levels Of Care

- When the hospice provides inpatient care directly, it may do so either in space that it owns or leases or in space shared with a Medicare-certified hospital, Skilled Nursing Facility, or Medicaid-certified nursing facility
 - If the hospice provides care in its own inpatient facility, the care may be provided in space that the hospice either owns or leases from another facility or building. This survey includes a Life Safety Code survey (which has currently adopted the 2000 edition of the Life Safety Code of the National Fire Protection Association) that must be done both at the time of initial certification of the inpatient facility and at the time of recertification surveys

Achieving A Successful Survey Outcome

Pre-Survey Process

ACHCU IS A BRAND OF ACCREDITATION COMMISSION *for* HEALTH CARE

What's Your Risk Level for Condition Level Deficiencies?

- Deficiencies are cited at two levels:
 - Standard level
 - Condition level
- Standard level will require an approved Plan of Correction (PoC)
- Condition level will require another on-site survey
 - Initial certification-full survey
 - Recertification-survey within 45 days to determine the L tags that were elevated to the condition level have been abated

Standard- and Condition-Level Deficiencies

- Standard-level deficiencies are ACHC-only deficiencies and individual L tags:
 - Not as “severe”
 - Individual, random issue vs. a systemic issue
- Condition-level deficiencies result when either an entire condition is out of compliance, multiple L tags under a single condition are out of compliance, or the deficiency is severe

Regulations

- Medicare Conditions of Participation
 - State Operations Manual Appendix M
- State specific regulations
- Scope of practice
- ACHC Standards of Accreditation
- Agency policies and procedures

Focus Areas

- Any deficiencies identified during preparation for survey, implement an internal Plan of Correction (POC)
- Share improvements with your Surveyor during survey.

On-Site Survey Process

ACHCU IS A BRAND OF ACCREDITATION COMMISSION *for* HEALTH CARE

On-Site Survey

- Notification call
- Opening conference
- Tour of facility
- Personnel file review
- Patient home visits/ patient chart review
- Interview with staff, management, governing body, and volunteers
- Review of agency's implementation of policies
- Quality Assessment Performance Improvement (QAPI)
- Emergency Preparedness Plan
- Infection Control
- Exit conference

Opening Conference

- Begins shortly after arrival of Surveyor
- Completion of CMS paperwork
 - CMS 417 and CMS 643
- KEY REPORTS
 - Unduplicated admissions for previous 12 months (number) for the parent and any additional locations associated with the Medicare provider number
 - Current census and current schedule of visits:
 - Name, diagnosis, start of care date, disciplines involved, level of care, where care is provided
 - Discharge, transfers, revocation, and death for past 12 months
 - Individuals receiving bereavement services for past 12 months

Opening Conference

- Discussion with the Administrator or designee regarding the operations of the agency
 - How is inpatient care provided?
 - How is continuous care provided?
 - Is care provided in SNF/NF or ICF/IID?
 - Does the hospice have multiple locations?
 - What is the agency's service area?
 - Does the agency have a wavier for nursing or non-core services
- Schedule for interdisciplinary group meetings
- Any previous survey results from past 12 months
- Patient admission packet and education materials
- Complaint/Incident or variance log

Opening Conference

- Any internal PoCs developed to correct identified deficiencies
- Designate a space for the Surveyor(s)
- Laptop or computer to access medical records
- Provide access to agency policies and procedures
- Appoint a liaison

Tour

- Brief tour of facility:
 - Medical record storage
 - Maintaining confidentiality of Protected Health Information (PHI)
 - Supply closet
 - Biohazard waste
 - Required posters
 - Fire extinguishers/smoke detectors/non-smoking signage
 - Restrooms

Personnel Record Review

- Review personnel records for key staff, contract staff, and volunteers:
 - Application, tax forms, and I-9
 - Job descriptions and evaluations
 - Verification of qualifications
 - Orientation records, competencies, and ongoing education
 - Medical information
 - Background checks
 - State specific requirements

For a complete listing of items required in the personnel record, review Section 4 of the ACHC Accreditation Standards.

Medical Chart Reviews

- CMS requirement based on unduplicated admissions for the last 12 months
- Includes all locations under the Medicare Provider Number
- Representative of the care provided:
 - Interdisciplinary
 - Pediatric-geriatric
 - Environment served
 - Routine, GIP, Respite, SNF/NF or ICF/IID
 - Medically complex
 - All payors
 - Live discharges, revocations, bereavement
 - Any patients that have received/ are receiving Continuous Care

Medical Chart Reviews

- Sampling of different diagnosis:
 - Dementia
 - Circulatory/Heart
 - Cancer
 - Respiratory
 - Stroke
 - Chronic Kidney Disease

Home Visits

- CMS requirement based on unduplicated admissions for the last 12 months
- Patient's medical record must be reviewed for the home visit
- Sampling of patients receiving complex care:
 - Infusion therapies
 - Wound and ulcer care; including negative pressure wound therapy
 - Dementia care
 - Complex pain and symptom management
- Visits will be with patients already scheduled for visits if census is large enough to accommodate

Home Visits

- Agency's responsibility to obtain consent from patient/family
 - Written consent will be obtained by the ACHC Surveyor upon arrival to the patient's home
- Prepare patients and families for potential home visits
 - Ensure care is being provided in accordance with the plan of care
 - Proper infection control practices are being utilized
 - Discussion with patient or family regarding the care they are receiving
- Surveyor transportation

Interviews

- Governing body/owner
- Administrator or designee
- Clinical Manager/DON/designee
- Core and non-core disciplines
- Medical Director or designee
- SNF/NF or ICF/IID
- Patients and/or caregivers

Exit Conference

- Mini-exit:
 - At the end of each day to identify the deficiencies
- Final exit conference:
 - Present all corrections prior to the exit conference
 - Surveyor cannot provide a score
 - Invite those you want to attend
 - Preliminary Summary of Findings (SOF) as identified by Surveyor and the ACHC standard
 - Seek clarification from Surveyor while still on site

Understanding The ACHC Hospice Standards

Review The Standards

- Identifier
 - HSP – Hospice
- Standard
 - Provides a broad statement of the expectation in order to be in compliance with ACHC standards
 - Gives you more detailed information and specific direction on how to meet ACHC standards
- Evidence
 - Items that will be reviewed to determine if the standard is met
- Services applicable:
 - HSP – Hospice services
 - HIC – Agency owns or leases their own in-patient space

Standard Example

Standard HSP1-4B: An individual is appointed to assume the role of the Administrator during temporary absences and/or vacancies. (418.100(b)) (L651).

A qualified person is authorized in writing to act in the absence of the Administrator. The duties that the individual assumes during the absence of the Administrator are written into the job description and policies and procedures and are included in the orientation of this individual.

Evidence: Written Policies and Procedures, Alternate Administrator Résumé, Orientation Records

Standard Example

Standard HSP1-8A.02: Service contracts/agreements are reviewed and renewed as required in the contract.

The hospice has an established process to review and renew contract/agreements as required in the contract. A mechanism to indicate that the review/renewal has been accomplished may be evidenced by either a notation of the review dates on the initial contract/agreement or development of an updated contract/agreement.

Evidence: Written Contracts/Agreements

Most Stringent Regulation

- Must be in compliance with the most stringent regulation in order to be determined compliant with ACHC Accreditation Standards:
 - CoPs
 - State requirements
 - Agency policy
 - Scope of practice
 - ACHC Standards

Section 1

ORGANIZATION AND ADMINISTRATION

- The standards in this section apply to the leadership and organizational structure of the company. All items referring to business licensure including federal, state and local licenses which affect the day-to-day operations of the business should be addressed. This section includes the leadership structure including board of directors, advisory committees, management and employees. Also included are the leadership responsibilities, conflicts of interest, chain of command, program goals, and regulatory compliance.

Tips for Compliance

- Ensure license is current and posted
- Change in ownership/management properly reported
- Governing body
 - Orientation
 - List of members
 - Understand duties
- Conflict of Disclosure statement
- Administrator, Alternate Administrator, Clinical Director, Alternate Clinical Director
- Administrator annual evaluation

Tips for Compliance

- Organizational chart is current
- Any negative outcomes have been properly reported
- Review contracts
 - Direct care personnel-non-core services
 - SNF/NF and/or ICF/IID
 - Inpatient care
 - DME
 - Pharmacy
- Evidence of how contracted care is monitored
- Evidence of how drugs and biologicals are obtained
- Copy of current certificate of waiver (CLIA)
- Evidence of attending and hospice physician licensure verification

Section 2

PROGRAM/SERVICE OPERATIONS

- The standards in this section apply to the specific programs and services an organization is supplying. This section addresses rights and responsibilities, complaints, protected health information, cultural diversity, and compliance with fraud and abuse prevention laws.

Tips for Compliance

- Marketing materials and patient education materials
- Patient admission packet
- Complaint log
- Signed confidentiality statements
- Business Associate Agreements
- Education to attending physician regarding responsibilities
- Bereavement program materials

Tips for Compliance

- Evidence staff know how to handle:
 - Complaints
 - Ethical issues
 - Communication barriers
 - Cultural diversity
- Compliance Plan; including identification of the compliance officer and compliance committee
- Evidence agency can provide all core and non-core services
 - PT/OT/ST
 - Call contracted agency prior to survey
- DME company accreditation certificate or letter of accreditation

Section 3

FISCAL MANAGEMENT

- The standards in this section apply to the financial operations of the company. These standards will address the annual budgeting process, business practices, accounting procedures, and the company's financial processes.

Tips for Compliance

- Budget
- Governing body meeting minutes to demonstrate the development and review of budget
- Medicare Cost Report, if applicable
- Evidence patients are informed of financial liability
- Inpatient CAP report
- List of care/service rates

Section 4

HUMAN RESOURCE MANAGEMENT

- The standards in this section apply to all categories of personnel in the organization unless otherwise specified. Personnel may include, but are not limited to, support personnel, licensed clinical personnel, unlicensed clinical personnel, administrative and/or supervisory employees, contract personnel, independent contractors, volunteers, and students completing clinical internships. This section includes requirements for personnel records including skill assessments and competencies.

Tips for Compliance

- Utilize the Survey Checklist-Personnel File tool to audit:
 - Personnel files
 - Volunteer files
 - Contracted non-core disciplines files
- Evidence of orientation to personnel of an SNF/NF or ICF/IID
- Evidence of a designated Medical Director and alternate Medical Director
- Evidence of proper supervision of professional assistants
- Volunteer cost savings report
- Volunteer activity report
- Volunteer training, recruitment and retaining activities

Section 5

PROVISION OF CARE AND RECORD MANAGEMENT

- The standards in this section apply to documentation and requirements for the service recipient/client/patient record. These standards also address the specifics surrounding the operational aspects of care/service provided.

Tips for Compliance

- Utilize audit tools to audit medical records
 - Assessments completed timely and completely
 - Plan of care developed to reflect the problems identified in the assessments
 - Can you clearly identify the issues of the patient and family?
 - Do you see evidence that newly identified problems have interventions and goals developed?
 - Do you see evidence of progress towards goals?
 - Are resolved problems closed?
- Correct any identified issues in the allowable manner per state regulations and agency policy

Section 6

QUALITY OUTCOMES/PERFORMANCE IMPROVEMENT

- The standards in this section apply to the organization's plan and implementation of a Performance Improvement (PI) Program. Items addressed in these standards include who is responsible for the program, activities being monitored, how data is compiled, and corrective measures being developed from the data and outcomes.

Tips for Compliance

- Review of QAPI materials
 - Job description
 - What is being monitored
 - What are established thresholds
 - Performance Improvement Projects
 - Evidence of governing body involvement
 - Evidence of personnel involvement
 - Complaint logs
 - Incident logs
 - Satisfaction surveys
 - Evidence of chart audits
 - Annual QAPI report

Section 7

RISK MANAGEMENT: INFECTION AND SAFETY CONTROL

- The standards in this section apply to the surveillance, identification, prevention, control, and investigation of infections and safety risks. The standards also address environmental issues such as fire safety, hazardous materials, and disaster and crisis preparation.

Tips for Compliance

- Infection control plan
 - Staff in-service records
 - Patient education materials
- Evidence of office safety
 - Fire drill results
 - Testing of emergency power systems
- Standardized form for reporting of employee incidents
- Safety and maintenance logs for any agency issued equipment
- Check for expired supplies in the supply closet

Tips for Compliance

- Emergency Preparedness
 - All-hazards risk assessment
 - Communication plan is specific to the contact information for your area
 - Policies address the specific strategies based on the all-hazards risk assessment
 - Evidence of training of all staff, including contract staff
 - Contracts with other healthcare providers
 - One test/drill is conducted annually (In-patient remains 2 drills annually)
 - Community-based drill or facility-based drill if unable to participate in a community-based drill (need documentation to show attempts to participate in a community-based drill) and
 - Community-based drill, facility-based drill, workshop or a tabletop drill that meets the requirements
 - All components of the plan are to be reviewed and updated at least every two years

 Standard HSP1-2A: (Services Applicable: HIC, HSP)

The hospice's primary goal is the servicing of the hospice patient and family. Care/services must be provided in a manner consistent with accepted standards of practice.

 HINT

The Surveyor will expect to observe the hospice primarily engaged in providing the following care and services:

- Nursing services.
- Medical Social Services.
- Physician services.
- Counseling services, including spiritual counseling, dietary counseling, and bereavement counseling.
- Hospice aide, volunteer, and homemaker services.
- Physical therapy (PT), occupational therapy (OT), speech-language pathology (SLP) services.
- Short-term inpatient care.
- Medical supplies (including drugs and biologicals) and medical appliances.

All core services (except physician services) must be provided primarily by hospice employees unless a waiver has been granted from CMS.

All non-core services may be provided by employees or under arrangement unless a waiver has been granted by CMS.

Items Needed For On-Site Survey

ITEMS NEEDED FOR ON-SITE SURVEY MEDICARE CERTIFICATION AND RECERTIFICATION

HOSPICE

Below are items that will need to be reviewed by the Surveyor during your on-site survey. Please have these items available prior to your Surveyor's arrival to expedite the process. If you have any questions, please contact your personal Account Advisor.

- Number of unduplicated admissions per Medicare Provider number during the past 12 months (or since start of operation if less than one year)
- Number of unduplicated admissions per multiple location served under the parent Medicare provider number during the past 12 months (or since start of operation if less than one year)
- Current patient census, complete with start-of-care date, admitting diagnosis, and disciplines providing care
- Current schedule of patient visits
- Discharge/transfer/revocation patient census for past 12 months (or since start of operation if less than one year)
- List of individuals receiving bereavement services
- Personnel list with title, discipline, and hire date (including direct care contract staff and volunteers)
- Any survey results from the past year
- Admission packet and education materials given to patients
- Staff meeting minutes for the past 12 months
- Any internal Plans of Correction based on identified deficiencies along with audit results

Annual requirements are not applicable to agencies in operation for less than one year. Unduplicated admissions refer to all patients admitted one time during the past 12 months regardless of payor.

HOME VISIT AUDIT CHECKLIST

HOSPICE

The checklist below details performance expectations that will be reviewed for evidence of compliance during your ACHC Hospice Accreditation survey. To prepare for your survey, use this checklist as you observe clinicians performing home visits with patients. This form can help you determine if your organization is in compliance with applicable standards. For any areas found to be out of compliance, it is recommended that an internal Plan of Correction be implemented and results monitored for compliance.

Staff Name and Title: _____ Date: _____

Medicare CoP Checklist

MEDICARE CONDITIONS OF PARTICIPATION SURVEY REQUIREMENTS

HOSPICE

ACHC Accreditation Standards are developed in conjunction with the Medicare Conditions of Participation (CoPs). This checklist will assist you in auditing and preparing your hospice agency for accreditation.

Non-compliance with a minimum of one condition-level CoP will require another on-site survey at your organization's expense. Following this checklist does not guarantee approval of accreditation by the Accreditation Commission for Health Care (ACHC). You should refer to the State Operations Manual, Appendix M-Guidance to Surveyors: Hospice Agencies, for further information regarding Medicare CoPs. This document only reviews the Medicare CoPs. Please refer to ACHC Accreditation Standards for additional ACHC requirements.

How to use this pre-evaluation checklist:

Review each Medicare CoP and the associated L Tags in the State Operations Manual. If in compliance, score the L Tag as a "Yes." If not in compliance, score the L Tag as a "No." Multiple "No" answers under an individual CoP could put the agency at risk for a condition-level deficiency, and therefore should be a priority in correcting.

YES	NO	L tag	
Are you in compliance with the Medicare Condition of Participation pertaining to Patient's Rights (reference CFR 418.52)?			
<input type="checkbox"/>	<input type="checkbox"/>	L501	Is there evidence the patient was informed and the hospice promoted and protected patient rights?
<input type="checkbox"/>	<input type="checkbox"/>	L502	Is there evidence the agency provided the patient with verbal and written notice of rights in advance of care?
